

## DEPLOY IN KUBERNETES CLUSTER

Date	1 Nov 2022
Team ID	PNT2022TMID49741
Project Name	Smart Fashion Recommender Application
Team Members	M.Muthu Gopala Saravanan K.Muthu Pon Vijay J.Prasath M.Sudalai@Balan Sudhan

The screenshot shows the IBM Cloud management console for Kubernetes clusters. The left sidebar contains navigation links for IBM Cloud, Kubernetes, Clusters, Reservations, Helm catalog, and Container Registry. The main panel is titled 'Kubernetes clusters' and features a table with the following columns: Name, State, Location, Worker count, Created, Version, and Infrastructure. A single cluster, 'mycluster-jobportal', is listed with a 'Normal' state, located in 'Paris 01' with 1 worker. The 'Created' column shows 'Expires in 30 days'. The 'Version' is '1.24.7\_1542' and the 'Infrastructure' is 'Classic'. Above the table are filters for 'Resource group' and 'Location', a search bar, and a 'Create cluster' button. The bottom of the image shows a Windows taskbar with various application icons and a system clock indicating 03:16 PM on 10-11-2022.

Name	State	Location	Worker count	Created	Version	Infrastructure
mycluster-jobportal	Normal	Paris 01	1	Expires in 30 days	1.24.7_1542	Classic

# Kubernetes cluster

Author: IBM • Docs • API docs

Create About

Deliver your apps quicker across clouds with Red Hat OpenShift

## Plan details

Learn more about the differences between plans in our docs.

Pricing plan

Free

You have already created your one free cluster. Ready to create more clusters? Choose the Standard cluster type.

### Summary

United States

#### Kubernetes cluster

1 Worker node Free

Free - 2 vCPUs 4GB RAM  
Virtual - shared  
Ubuntu 18

Total estimated cost Free/mo

Additional charges for networking and bandwidth might apply. Actual monthly total will vary with tiered pricing. Estimate does not include costs for integrations.
